## TRAINING RUL ON STOCK MARKET

## Market Has Irregular Close; Speculation Is Dull at Noon.

New York, N. Y., Aug. 16.—Trading on the exchange today was almost the duller of the week, with a tendency toward reaction. Leading issues under yesterday's final quotations in the first hour, but made some recovery toward noon.

Canadian Pacific abruptly declined two points and American Tobacco fell almost five. The movement, as a whole, reflected nothing quite so much as public and professional indifference.

The speculation became dull at midday. The rise in prices caused except for a few low priced specialties in which manipulation was evident.

The market closed irregular. Selling on the part of the speculators caused a recession to lowest prices in the last hour, but something of a rally came in the final half hour and Union Pacific showed support.
